

The Worthington Difference

Guaranteed Quality

Our products are designed and developed by a team of leading engineers and are subject to rigorous testing for guaranteed quality and complete peace of mind.

Examples include:

- A Bond glue lines in accordance with AS/NZS2098.2 or Water Boil Proof glue lines with all plywoods used for flooring
- Scarf joints independently tested to AS/NZS2098.3
- EzyFloor Plus bonds professionally pressed with suitable adhesives under controlled conditions using industrial presses

Competitive Pricing

Worthington Caravan and RV is committed to offering competitive pricing without compromising quality. When you invest in a product from Worthington Caravan and RV, you receive guaranteed quality and unbeatable value.

On-time Every Time

Worthington Caravan and RV have an impeccable delivery record. Our 98% success rate for on-time deliveries over the past 12 months demonstrates our consistently reliable service that our customers can trust.

Extensive Range

Worthington Caravan and RV products are available in several material types to suit every application and can include a variety of finishing options. The range of flooring materials includes lightweight, film faced, pine, hardwood, and structurally rated plywood as well as premium options which incorporate galvanised steel or aluminum sheeting on the underside.

Marketing Support

Worthington Caravan and RV continually invests in ongoing marketing to promote the benefits of our industry leading products to the entire market including end users. As part of this commitment we constantly promote our customers' brands to consumers to reinforce the quality of their caravans or RVs.

Some of our marketing activities include:

- Consumer website – ezyfloor.com.au
- Online marketing including AdWords
- Caravan and Camping Magazine ads
- Promotional flyers

Customer-focus and Service

Worthington Caravan and RV is dedicated to providing a high level of customer service at all times. Our team of in-house engineers are on hand to support all of your product development and technical support needs, and our after sales administrative support allows us to deliver premium customer service.

Experience That Counts

Worthington Industries has been manufacturing high quality plywood and composite products for over 40 years with over 20 years' experience in the caravan and RV industry.

Australian Owned and Manufactured

All products offered by Worthington Caravan and RV are locally manufactured by our 100% Australian owned and operated company.

Environmentally Responsible

As part of Worthington Caravan and RV's commitment to responsible management, all wood products are purchased in accordance with the Illegal Logging Prohibitions Act 2012.
